And What Have You

By BOB CRAIG

Just a short note to those of you who live out of state and also to some of you who live in some parts of Texas. This note is to those of you who receive your Herald each week individually wrapped in what we call "single wraps."

Please do not pay any attention to what's printed on the inside of the wrapper. This is not a notice that your subscription has expired. We will continue to send you a letter when it is time for you to renew.

What has happened is that in an effort to cut costs we started using some old notices to wrap your paper. It seemed a shame to just throw the paper in the scrap drive when it could be used as a wrapper. But this may have been a mistake as we have already received three letters back wanting to know why we did not fill in the blanks on the notices.

Sorry about that.

Those of you who missed last Friday night's season final football game with Rotan missed an exciting contest. Where else could you see seven consecutive two point plays made?

It was a nice finish for the Pipers who did not have too many bright spots this year.

This seemed to be the year for those teams that have been so strong in the past to have their problems. Joining Hamlin in its struggle this year were Denver City, Stamford, Ballinger and several others. This is part of what makes high school football the great sport that it is, there is always room at the top and after you get there it is hard to stay.

Some time back H. M. Baggarly publisher of the Tulia Herald, wrote the following column about "taxflation" that is hurting everyone.

A term we don't hear much about these days is "taxflation."

Most people with their built-in "cost of living" clauses don't worry much about inflation. So the cost of living goes up seven per cent, so what? They feel that their income will go up by an equal amount.

This applies to U. S. Steel who passes on its costs as well as to laborers, merchants, teachers, federal workers, you name it!

Not taken into consideration is what is known as "bracket creep." It happens when inflation pushes people into higher and higher tax brackets while their spending power stays the same or even declines.

Fund Drive Started For Rural Fire Truck

The Hamlin Volunteer Fire Department has launched a fund drive to replace its old rural fire truck, according to Jerry Farnsworth, fire chief. He said that the present truck, a 1955 model, is worn out and must be replaced if the department is to continue to fight rural fires.

State Requires Emergency Room Release Forms

Billie J. Speck, administrator of Hamlin Memorial Hospital, has given an explanation on signing forms at the local hospital in emergency situations in order to clear up some confusion.

For the local hospital to be a bonafide emergency room a required release of responsibility form must be signed before treatment is given. This is a form required by the State Department of Health and the local doctors and staff must have permission to treat the patient, Mrs. Speck said.

This practice was initiated at the local hospital during the summer, Mrs. Speck said. It is required in all hospitals, she added.

Farnsworth said that it was estimated that it would take about \$5,000 to equip a truck. Bill Moore, County Commissioner, has donated a truck that will be converted into a pumper.

Farnsworth said that the department made about as many calls outside of the city limits as it does inside but would have to stop unless they can replace their present worn out equipment.

Anyone interested in making a donation may do so by leaving their money at the F&M National Bank or by contacting any member of the fire department.

Hospital to Offer Holiday Dinner to Homebound

The staff of Hamlin Memorial Hospital is extending thanks to the community by offering a complete holiday dinner to any homebound person who, because of age or illness, might otherwise miss the traditional Thanksgiving turkey dinner.

This is our way of wishing a "Happy Thanksgiving" to the whole community, says Mrs. Billie J. Speck, administrator.

DURING PASTOR'S TENURE—

Church Offerings Top Million Dollar Mark

The offerings at First Baptist Church passed the millionth dollar received during the seven-year tenure of Rev. Howard Jones Sunday morning when the day's offerings were being tallied. By previous arrangement with the Sunday School

secretary Clyde Lewis, the pastor purchased the \$1 bill that was the millionth and will have it framed as a memento.

The Rev. Jones came here Oct. 1, 1970, from the First Baptist Church in Greenville. During the seven years and through this past Sunday the offerings have totaled \$1,001,280.

Since 1970 the church has paid off a church debt of \$80,000; purchased a home for the minister of music and education with improvements, \$30,000; built a new education building-fellowship hall-parlor complex, and secured additional property for parking, paved streets and parking lots at a cost of \$160,000 and contributed \$236,800 to various mission causes.

Also during this period the staff has been expanded to include a parttime minister of youth.

The church is free of debt. The church voted the last Sunday in October to purchase a new Conn organ and over 60 percent of the cost has been contributed. A special "Thanks Offering" was taken Sunday and will be taken again Sunday, Nov. 20, to complete the balance needed to pay cash for the organ.

Abilene Firm Presents School Audit Monday

Paul Hist, representing Darrell Knight Associates of Abilene, presented the audit report for the 1976-77 school year to the Hamlin Independent School District Trustees Monday evening at their regular monthly meeting.

He told the board that the school records were in good shape and had no recommendations for any changes in their record keeping system.

The board approved a school sponsored trip for the senior class this spring to either the Fort Worth-Dallas

area or the Austin area. This would be a one-day trip.

To meet new state requirements, the Trustees voted to join the Texas Association of School Board's plan for unemployment insurance. They also discussed liability insurance and asked Superintendent Bob Hawes to seek more information on the various plans available.

The board set the first Saturday in April as the permanent election date for trustees as required by the new election law.

The board was presented a report on its recent goal survey by Ray Simmons of

the Education Service Center. This is part of the district's accreditation process and will lead to a five year plan for the school system.

The trustees accepted the resignation of Sally Hastings as fourth grade teacher and hired Mrs. David Drummond, effective Jan. 3, the start of the new term.

They also appointed a textbook committee which includes Kay Haynes, Bettye Shira, Jimmy Lisle, Evelyn Sharp, Mary E. Brown, Bettye Jo Davis, Dora Mitchell, Larry Butler, Marvin Carlton, B. V. Newberry and Hawes.

Sunday Fire Causes Extensive Damage to Hawkins Home

"In another 10 minutes, everything would have been gone," said W. A. Hawkins after a fire at his home, 437 N. W. Ave. I, caused extensive damages.

Hawkins commended the Hamlin Volunteer Fire Department for their splendid help in bringing the fire under control.

Hawkins and his wife Mary were out driving Sunday afternoon and had been gone from their home about 20 minutes when the alarm sounded about 5:30 p.m. They even pulled over to let the fire truck pass and then followed it to find that it was their home.

He said that the fire apparently started from a short in the electrical outlet in the den. The den and kitchen was destroyed and the other rooms of the two bedroom home were heavily damaged. They are in the process of

moving everything from the home to a house owned by David Wade. The couple and their son Tim will be staying with his sister and brother-in-law, Mr. and Mrs. J. B. Jayroe, for a while, Hawkins said.

The dwelling was not insured. Friends have started a special fund to aid the family. Donations are being received for the W. A. Hawkins Fund by Ralph Hallum, Pled Piper Grocery, Clarice Blankinship at Mary's, and Farmers and Merchants National Bank.

LONGING

To every child there comes a time when they begin to wonder . . . Where did I come from? Who made the trees? Who made the mountains? EVERYONE has a desire to know their creator.

"O GOD, thou art my God; early will I seek thee: my soul thirsteth for thee..."

This longing for knowledge of God should be satisfied at an early age.

"Train up a child in the way he should go: and when he is old, he will not depart from it."

Plan NOW to attend church with your family.

©Coleman Adv. Ser.,

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

annual income of \$10,000. Right now, that family is paying about 10 per cent in federal income taxes. But if inflation causes prices to rise at, say, seven per cent a year in the coming decade, that family will have to take in some \$20,000 in 1987 just to keep up with the cost of living.

Not only will it not be any better off in terms of what its \$20,000 will buy, it will be much worse off at tax time. For without having added one dollar to its spending power, the family's income tax will be 15 per cent, not ten.

A family of four earning \$20,000 a year today—and paying 15 per cent in income taxes—will be hit even harder. As inflation doubles the cost of living in ten years, the family's income, if it doubles as well, will be taxed at 25 per cent!

Poor working people are hit hardest of all. A family that makes \$5,000 this year actually gets \$400 in "earned income credit" from IRS. In ten years, it will be paying around ten per cent, even if its income barely keeps up with the rising cost of living.

The reason is that the tax brackets are totally insensitive to inflation. In 1964, when the tax brackets were set, inflation wasn't much of a problem.

Today, taxation costs taxpayers \$5 billion a year over what they would pay if the system had been inflation-proof.

An anniversary luncheon for approximately 75 out-of-town friends and relatives will precede the reception.

Joint Meeting Held By Sigma Phi Chapters

The Beta Theta and Xi Gamma Phi chapters of Beta Sigma Phi met Thursday at 4 p.m. in the home of Mrs. Bill Feagan. A sandwich plate was served.

Shelley Smith and James Hallmark of the West Texas Rehabilitation Center in Abilene presented the program.

Smith said that a spirit of love between the public and the institution has helped the physical growth of the facility through contributions of money and gift items. He said that 50 percent of the cost of operations must be met through contributions from interested individual persons who care.

"Many young therapists come from other parts of the world to study at the center and then return to their places. Their spirit of love in caring for patients contributes much to the personal care each patient receives. Each person's needs are designed and filled much like fitting a good pair of shop made boots for a certain individual," Smith said.

Hallmark showed a film on the Center narrated by Rex Allen. He also made announcements concerning the guests who would appear on the Rehab telthon and auction next January. He said that Bill and Susan Seaforth Hayes are planning to return.

Neinda Philosopher Comes Out Strong Against Abolishing Mail Deliveries on Saturdays

Editor's note: The Neinda Philosopher on his Johnson farm on Route One expresses himself this week on the issue of Saturday mail service.

Dear editor: The U.S. Postal Service is thinking about maybe discontinuing Saturday mail delivery, but before it makes up its mind it wants to find out what the public thinks. What interests me is the way the Postal Service is going about trying to find out. It has paid for three public opinion surveys, sampling a so-called scientific cross section of the population, but the results have been confusing. Eighty per cent of those polled said they could do without Saturday mail, but a majority said they weren't in favor of doing without. This has the Postal officials confused.

In fact, they're so confused it never has occurred to them that they don't have to hire a private polling firm to find out what we want. All they'd have to do is use their own postal service. Just mail a ballot to every box-holder in the country and let everybody vote on it, unless of course they figure it'd take too long to get the results back.

One argument the Postal officials are using in favor of abolishing Saturday delivery is that it would save an estimated 412 million dollars a year, a figure not to be sneezed at. On the other hand, if they'd go whole hog and abolish mail service on the other five days of the week also, they could save \$2,000,000,000. In three or four hundred years that saving alone would wipe out the national debt.

What we'd do with all those vacant post office buildings I can't say, but I understand practically every city in the nation is now equipped with juvenile gangs capable of wrecking any vacant building left unguarded for 24 hours, a service that wouldn't cost the government a cent.

However, I want the Postal Service to know that I am opposed to eliminating Saturday mail service. Most of us people living out in the country get a big city daily paper and we have just as much right to be misinformed on Saturday as any other day in the week.

Yours faithfully,
J.A.

Weevil Overwintering Survey to Be Taken

An overwintering boll weevil survey will be conducted the next three weeks in Fisher and Jones counties. The purpose of this survey is to determine the numbers of boll weevils that have entered diapause or overwintering state for the coming winter.

Samples taken will consist of one square yard of leaf litter or turn-row trash. All the material in one square yard down to 1/4 inch below the soil surface should be taken and placed in a burlap or plastic bag to then be transported to the trash shaking machine.

Areas that are the best to sample are those next to cotton fields. Hackberry, western soapberry, heavy ungrazed mesquite, shinnery oak and turn-row trash are the best types of habitat, however, at this time weevils may be found in almost any type of trash.

Another survey will be taken during February in all areas that will be sampled during the next three weeks to determine the per cent winter mortality.

All interested producers are invited to participate in this survey. It should be very beneficial in telling a story about the type of weevil pressure to expect in 1978.

You can collect your own samples using the above described method or you can call or drop by David Finley, Richard Spencer or Kirby Claytons' office or leave your name and the area that you wish to sample. Help gain some insight on next year and participate, it's free, Finley said.

Aspermont Juniors To Present Play Friday

Aspermont—Three one-act plays will be presented by the Junior Class of Aspermont High School in the school auditorium Friday at 7 p.m. The three comedies will feature 21 class members.

As an added attraction, the University Interscholastic League One-Act Play entry will also be presented at this time.

"Snowy White and the Dwarfs" by Layne Spencer is a take-off on the old familiar fairy tale. The one-act comedy is presented in modern day lingo and setting which includes a motorcycle gang and a "groovy" Snowy White.

"A Hillbilly Christmas Carol" by LeRoma Eshback Greth is a modern day farce of Dickens' Christmas Carol. It includes a modern scrooge who is a "squeezing, wrenching, grasping, scraping, clutching, covetous old

sinner." In addition, he is lazy and dirty. There is also the widow Hinkley, her lazy son and her daughter.

"The Little Red School House" by Millard Crosby is a schoolroom comedy where the entire action of the play takes place in the classroom of a little red school house in any village in the USA. Wisecracks are hurled throughout the classroom as often as blackboard erasers. A sneak preview of the UIL one-act play "The Happy Scarecrow" includes a cast of 11, seven of whom were in the district winner last year. Of these, David Dickerson, Judge Ward, and Gary Myers were named to the all-star cast. The play is under the direction of Donnie Fincher.

Advance tickets are on sale for 75 cents for students and \$1.00 for adults. Tickets will be available at the door for \$1.00 for students and \$1.25 for adults.

Turkey Walk Raises \$1,000 for Heart Fund

Aspermont—Over \$1,000 was pledged to the American Heart Association in the Turkey Walk held here Saturday which featured seven walkers, one walking

the five-mile route and the others walking the 10-mile route.

Mrs. Margaret Poore, 71, took top honors as she received pledges of \$600 and walked the 10-mile route. Workers in the project said, "This should be an incentive to all of us to do our part in helping finance Heart Research Projects in Texas."

Each of the walkers had enough money pledged to receive a turkey.

Walkers were Mrs. Poore, Elmer Ward, Netta Cochran, Jerry Clay Douglass, Karen Hall, John Hawkins and Lane Smith.

Jimmy Pittcock had check points on the route with water available. Other workers were Joyce McNutt, Barbara Nauert and Doris Pittcock. They expressed thanks to all who contributed to the success of the walk.

Elmer Ward went the extra mile as he finished the 10-mile route and then walked another mile home.

James Bearden of Missouri has been visiting in the home of his aunt, Mrs. George Kenady Sr., and attended services at First Baptist Church.

Mr. and Mrs. R. B. Goodloe of Lubbock visited Sunday in the home of her parents, Mr. and Mrs. Fred Dalby. The Dalbys returned home with them for a visit through the holidays.

NEWS FROM GIBSON MEMORIAL Nursing Home

By DORA SANDLIN

Ladies of the Church of Christ visited the home Thursday afternoon. Charles Abernathy presented a program of harmonica music and led a sing-along with residents selecting the hymns. Refreshments were served.

The Tuesday afternoon cooking class made homemade ice cream. Mrs. Wayne McMeans, Mrs. Joe Craft and Mrs. Mona Gibson served all the residents.

Benito Vela, a resident here, attended the cattle roundup with Cliff Gholson north of Old Glory. He enjoyed watching the working of cattle and seeing real cowboys at work.

Residents are enjoying a new class on history. The study of Eleanor and Franklin D. Roosevelt is especially interesting to the residents because they are familiar with the events of this historical family due to the dates they occurred.

Mrs. Maggie Clement's friends will be glad to know that she has sight in one eye after eye surgery. She has been blind for several years. We are all so happy for her.

Mrs. Allie Mullen spent Saturday in the home of her daughter, Loretta and Ken Gardner in Swenson. She enjoyed being on the farm and also went to Brazos Valley Cemetery.

Dora Sandlin spent Friday and Saturday in the home of her daughter and son-in-law, Mr. and Mrs. W. T. Maxwell. A son, George Lair of Carlsbad, N. M., was a visitor also.

George Abernathy led a singing Sunday afternoon and his wife Nancy played the piano. A nice crowd and a few visitors were present.

Mrs. Leo Ballard and Mrs.

Jess Freeman of Guthrie visited Maud Ballard.

Mr. and Mrs. Alvin Smith of Jayton and Mr. and Mrs. Luther Marr of Swenson visited Mrs. Iley Grantham. Verna and Sandra Deaton of Hamlin visited Mrs. Mattie Coplen.

L. A. Jones of Crosbyton and his daughter, Verlin Roberts of Delta, Colo., visited residents of the home.

Mrs. Maude Gholson's daughter and son-in-law, Mr. and Mrs. Tom Lowrey of Fort Collins, visited her for a few days.

Dora Sandlin's visitors were George Lair, Mrs. Jenny Lee Craft of Wichita Falls, Mrs. Genevieve McMeans of Swenson, Mrs. Carl Dickerson of Peacock and Mr. and Mrs. Bob Sandlin of Burnet.

Mrs. Olga Johnson of Elbert, Mrs. Eva Rankin of Throckmorton and Mrs. Bonnie Ash, activity director of the Throckmorton nursing home, visited here and toured the home.

Rep. Bill Healy Is On House Committee

Austin—State Rep. Bill Healy of Paducah has been appointed to serve on the House Select Committee on Drugs and Alcohol Abuse and Control by Speaker Bill Clayton.

Healy is one of ten representatives and seven private citizens who will conduct in-depth studies and gather testimony around the state in an effort to develop proposed legislation and other recommendations for the 60th Legislature.

The Committee will be attempting to determine if detection and cure of alcoholism and drug addiction at an early stage will lower costs of later related illnesses and reduce the number of long-term abusers. Additionally, the study will involve determining what legislative measures might be needed to curtail the supply of illicit drugs into the Texas marketplace and if revisions to the Texas Penal Code might halt the distribution of illegal drugs.

Consideration will be given to requiring alcohol or drug-related coverage in health insurance plans and reviewing initiation of industrial alcoholism treatment programs and establishment of diagnostic and referral services. The Committee has been charged with making recommendations as to the state's proper role in these programs.

Lord's Acre Harvest Set At Church Sunday

Aspermont—The Lord's Acre Harvest Festival at First United Methodist Church will be held Sunday beginning with a turkey dinner at 12 noon served by the women of the church.

The dinner will be served until about 1:30 p.m. and the public is invited. Tickets are \$2 for adults, \$1 for school children, kindergarten through age 10, and preschoolers are free.

About 1:30 p.m. the sale of handmade quilts, canned goods, baked goods, arts and crafts and various other items will be auctioned to the highest bidders. George

Abernathy will be the auctioneer.

Everyone is invited to the dinner or sale or both.

The sale has become a traditional event at the church and some years unexpected events have been entertaining. One year George Abernathy's mother-in-law was paid to smash a cream pie in his face. Another time, someone "ripped" off the preacher's necktie and sold it to the highest bidder.

The Rev. Elmer Ward, pastor, said "Don't miss it, you might be missing out on a 'fun' surprise."

Pipers Out Score Rotan, 32-24

The Pipers closed out the football season here Friday evening with a 32-24 win over the Rotan Yellowhammers. Hamlin had to score in the final minute of play to take their first district win of the season.

The two teams exchanged touchdowns and two point conversions all evening with the Pipers getting across the goal line last to take the eight point victory. In all, seven two point conversions were successful with neither team missing one.

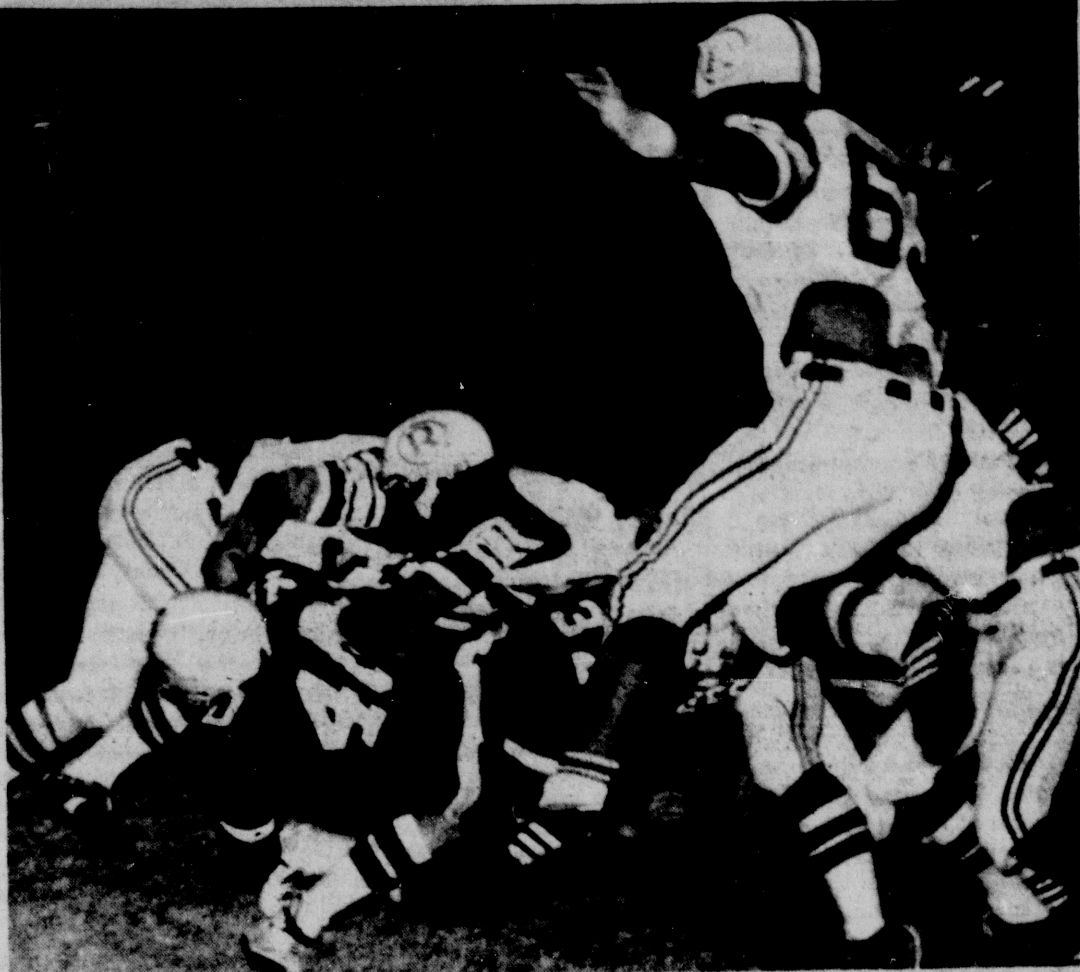

Sophomore quarterback Todd Marshall had his best night of the year Friday as he completed 12 of 21 passes for 135 yards, including three for touchdowns, and ran for 49 yards. He also passed for three of the two-point conversions which do not count in his passing totals.

Twice in the opening quarter, punter Vance Lakey put the Yellowhammers back on their own goal line with punts to the three and four yard lines. Rotan drove the ball out on the Pipers the first time but then fumbled on the second time with Pipers recovering on the Rotan 9.

Marvin Williams covered the loose ball for the Pipers and it took Mike Hymer only three tries to score with three seconds left in the first quarter. Faking a kick, holder Marshall passed to Tommy Maberry for the two points.

Rotan returned the kickoff back to the Hamlin 9 on a 61 yard return by Bryon Weathersbee, but four plays later they had to give up the ball on the Hamlin 1. The Pipers moved out to the 33 before punting to the Rotan 44. The Pipers got the ball back again on a pass interception but had to give it up when Lakey could not get off his punt.

Taking over on the Hamlin 48, the Yellowhammers scored on their third down on a 46 yard pass play from David Posey to Mark Henderson. The same combination was good for the two pointer to tie the game up with 4:30 left in the half.

GOES IN FOR FIRST SCORE—Mike Hymer (40) carries across the Rotan goal line for the first Piper score here Friday evening. The Pipers outscored the Yellowhammers, 32-24, in a see-saw battle to close out the season. Hymer carried the ball 24 times during the night for a total of 97 yards. (Photo by Tim Jones)

Following the kickoff, the Pipers drove 67 yards in eight plays to score again with Marshall passing to Frank Lane for four yards and the score. Marshall passed to Maberry for the two points with two minutes left in the half.

Rotan threatened to score again before time ran out for the half. Rotan took the second half kickoff and returned it to their 40. It took them 13 plays to score with Robert Morales going in from the one. Posey passed to Henderson to tie the game up at 16-16 with 6:15 left in the third period.

Neither team threatened to score again during the remainder of the third quarter but the Pipers started a 76 yard touchdown drive on the final play of the third period. Thirteen plays later Hymer scored from the one. Marshall completed three passes and ran for 21 yards in the drive. Hymer ran around his right end for the two points to put the Pipers out in front again, 24-16 with 7:56 left in the game.

Following the kickoff, Rotan moved down to the

Hamlin 12 yard line, but four plays later they had to give up the ball back on the Hamlin 19. Failing to gain a first down, the Pipers punted out to their own 40.

Morales took a screen pass from Weathersbee on first down and raced the 49 yards to pay dirt. Posey passed to Morales for the two points to tie the game up again, 24-24, with 3:35 left on the clock.

Following the kickoff, Marshall completed two passes, but then had one picked off at the Rotan 47. Rotan fumbled on first down with the Pipers getting the ball back on their own 48 with 2:18 left on the clock.

Hymer ran the draw for 15 yards, Marshall carried for three and after an incomplete pass, Hymer carried again

for 14 and a first down at the Rotan 22. Marshall missed on a pass and then completed one to Drew Tomlinson for four yards, one to Lane for 12 yards and then one to Maberry for six yards and the winning score. Marshall passed to Lane for the two points with 42 seconds left in the game.

Ricky Goodgame intercepted a Yellowhammer pass on the final play of the game to stop a Rotan drive.
